Fail-points/blocking	Fail-points/blocking	Fail-points/blocking
Fail-points/blocking	Users can't store the favourite listings. There is no such option to store the favourite listings	While using this app so many unwanted advertisement popups on the screen. That is so disturbing to the users.
Evidence <Screenshots >		

IT19161334	01 Fail-points/blocking	02 Fail-points/blocking
Fail-points/blocking	Contact us page is not clear. There is only one email address to contact them. Phone number and important details are not available there.	Buttons are too small. Users can't click the buttons properly.
Evidence <Screenshots >		

IT19130576	01 Fail-points/blocking	02 Fail-points/blocking
Fail-points/blocking	While user login to his account if he enters incorrect password or username the system will not display an error message. Suddenly it redirected to home page without displaying an error message.	When create an account there is no instruction to create secure password. (ex: - at least 8 character password). User can't create a secure account.
